WORK EXPERIENCE

Product Designer | *Sole Designer*

Learvo (Intern with Equity / EdTech SaaS Startup)

Remote

October 2025 - Present

- **Shipped 4 features end to end** as sole product designer, from Figma to production front-end code via PRs.
- **Built a guided onboarding flow** tied to real backend state, replacing an empty first-session dashboard.
- **Designed and built an activation checklist** for 4 core actions that fades out after 5 visits to avoid nagging users.
- **Unified navigation across 5 core pages**, rebasing a branch 121 commits behind main without blocking 3 parallel features.
- **Rebuilt the landing page** around one value proposition after analytics showed most visitors never scrolled past the fold.
- **Created the brand mascot and illustration system**, including 5 custom avatars.
- **Used Metabase and Clarity to prioritize fixes and cut features**, including a streak with no real data behind it.

Director of PR and Marketing

Student-Run Basement Gallery (Volunteer Staff Engagement)

University of California, Davis, CA

June 2024- June 2025

- **Led cross-channel campaigns for 10 exhibitions** across digital and print, and managed shared design libraries in Adobe Creative Suite.

PROJECT EXPERIENCE

Continuum | *Healthcare Platform (Course Project)*

Jan - Apr 2025

- **Designed coordination dashboards for 3 user roles** (surrogates, intended parents, and care coordinators), turning dense medical and legal information into clear user flows.
- **Built reusable design system components** and handoff specs for a data-heavy product.

Good Friends | *Service Design (Crouse Project)*

Jan - Apr 2025

- **Led a 9-week service design project**, documenting ordering bottlenecks through in-store observation, 32 research photos, and customer interviews.
- **Proposed solutions across 4 areas** (pricing, product quality, service, and engagement) for 2 user groups, and pitched the full strategy and go-to-market plan to a panel of judges.

SKILLS & TOOLS

- **Product Design:** Interaction Design, User Flows, Wireframing, Prototyping, Responsive Design, Design Systems, Information Architecture
- **Research & Analytics:** User Research, Usability Testing, Journey Mapping, Competitive Analysis, Metabase, Microsoft Clarity
- **Front-End:** React, Next.js, TypeScript, JavaScript, HTML/CSS, Tailwind CSS, Git/GitHub
- **Visual & Brand:** Branding, Illustration, Motion Design, Figma, Framer, Webflow, Adobe Creative Cloud, Cursor, Claude Code

EDUCATION

University of California, Davis | B.A. Design, Minor Technology | 2025 | GPA: 3.8
