WORK EXPERIENCE

Lead Product Designer

Learvo (Intern with Equity / EdTech SaaS Startup)

Remote

October 2025 - Present

- **Designed end-to-end product experiences**, delivering wireframes, user flows, mockups, and interactive prototypes in Figma.
- **Redesigned the Learvo website**, rebuilding core pages for usability, writing front-end updates, and shipping via GitHub.
- **Built and shipped a working feature using AI tools**, coding an onboarding quiz and checklist in Cursor and Claude Code to submit PRs directly to engineering.
- **Analyzed product and performance data** in Metabase and Clarity to identify usage patterns, catch bugs, and drive design decisions.
- **Collaborated cross-functionally through Agile ceremonies**, pairing with PMs and engineers while expanding the core design system.

Director of PR and Marketing

Student-Run Basement Gallery (Volunteer Staff Engagement)

University of California, Davis, CA

June 2024- June 2025

- **Produced accurate, on-brand visual work**, managing design libraries across digital and print media using Adobe Creative Suite.
- **Collaborated across cross-functional teams**, gathering feedback from team leads to refine multi-channel visual assets.

PROJECT EXPERIENCE

Continuum | UI/UX & Digital Designer (Freelance)

Jan - Apr 2025

- **Designed for a complex healthcare experience**, turning dense medical, legal, and emotional information into intuitive user flows.
- **Built design system components and specs**, delivering reusable UI patterns and handoff documentation for a data-dense product.

Good Friends | Lead Product Designer & Marketing Strategist (Freelance)

Jan - Apr 2025

- **Built brand identity and campaign materials**, creating packaging, digital menus, and environmental wayfinding under one visual system.
- **Conducted research and presented a full strategy**, pitching a complete go-to-market plan and presentation deck to a panel of judges.

SKILLS & TOOLS

- **Product & Visual Design:** Figma (Expert), Wireframing, Prototyping, Usability Testing, User Research, Design Systems, Information Architecture, Adobe Creative Cloud.
- **Development & Technical:** HTML, CSS, JavaScript, React, Tailwind CSS, Git, GitHub (PR Workflows), Cursor, Claude Code.
- **Product Analytics:** Metabase, Microsoft Clarity.

EDUCATION

University of California, Davis | B.A. Design, Minor Technology | 2025 | GPA: 3.8
